Dear Senator Dinniman:

The Pennsylvania Athletic Trainers' Society (PATS), would like to express our support of your intended legislation to address childhood obesity in the Commonwealth.

PATS is thoroughly involved with the physically active and considers physical activity a necessary and vital part of the health and well-being of Pennsylvania residents. Education is necessary to achieve the best long-term results and this legislative package highlights this concept.

PATS strongly supports your efforts to improve the health and well-being of the citizens in the Commonwealth by helping to reduce the potential and effects of childhood obesity.

PATS is willing to be of any assistance that you would need such as speaking at press conferences and issuing a press release. We are delighted to continue to enhance our relationship with your office. If you would like more information on PATS or Athletic Trainers, it can be found at www.gopats.org. Please contact me at president@gopats.org with any questions.

Sincerely,

John Moyer, LAT, ATC
